## ● Using Gift card

When you enter the service purchasing interface, there are two ways for purchasing the cloud storage service, the card payment and the gift card. To use the gift card, do the following:

Step 1 Enter the service purchasing interface.

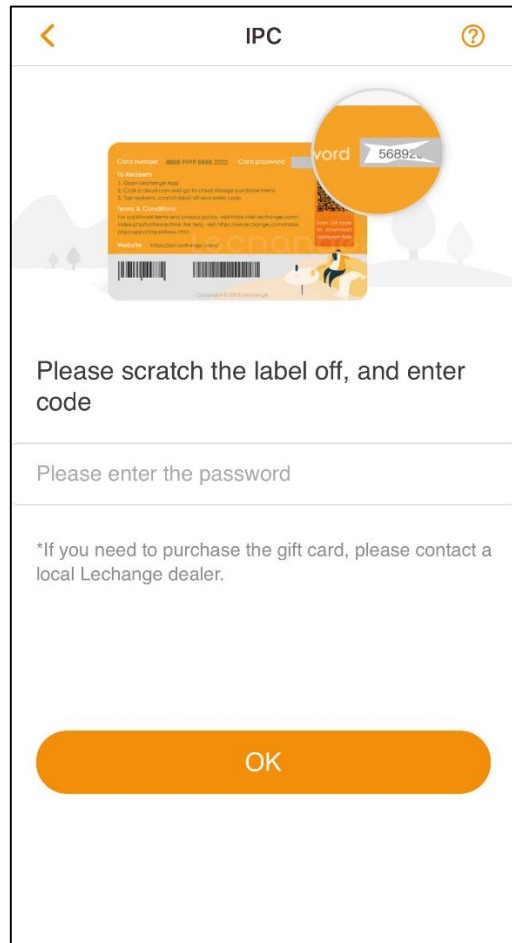

The service purchasing interface is displayed. See Figure1-2 .

Figure 1-2 Service purchasing

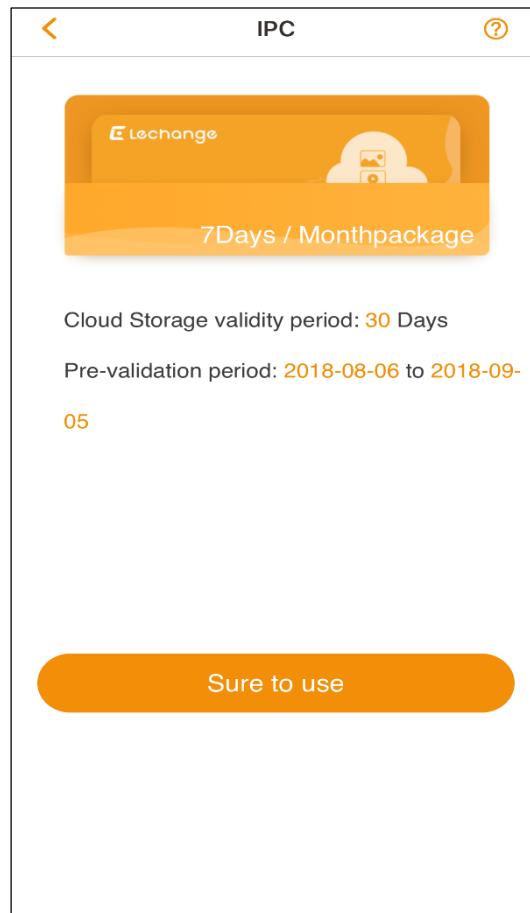

**Step 2** Tap **Got a Lechange gift card?** **Tap to redeem** below the Purchase button, and then enter the gift card interface, see Figure 1-3

Figure 1-3 Gift card interface

**Step 3** Follow the instructions on the gift card interface to enter the card password, tap **OK**, enter gift card cloud storage interface, see Figure 1-4. (Here is an example of a 7days/month package gift card)

Figure 1-4 Gift card cloud storage

Step 4 Confirm the cloud storage package information, tap **Sure to use** to make the gift card take effect.

After the Cloud service is purchased, the  turns to .
